

17
YEARS

GROWING

HiGlance
Think life, Live Healthy life

Commitment to Quality

Manufacturing

- HiGlance has its own state of art manufacturing plant.
- The plant has fully-integrated control system known as BMS (Building Management System), executed by world renowned **Siemens Ltd. (Germany)** & HVAC executed by **Voltas Ltd.**
- The plant complies stringent norms of WHO-GMP (Good Manufacturing Practices), GLP (Good Laboratory Practices) & GDP (Good Distribution Practices) approved by *European International body* “**Quality Austria**”.

- We are serving humanity with therapeutic groups ranging from :- Anti TB, Asthma & COPD, Anti Bacterial, NSAID, Anti Osteoporosis, Gastroenterology, Anti Hypertensive, Cardiovascular and Diabetology etc.

Research & Development

Research and Development has always been a major component of HiGlance operations. An independent R & D wing staffed by well qualified scientists & Doctors is involved in a range of research efforts, ranging from the development of new applications for existing products to upgrading formulation efficacy, Safety and improving drug delivery systems for Tablets, Liquid Orals, Hard & Soft Gelatin Capsules and Drug Coated Pellets.

Some Key Differentials:-

- Using Nano-Technology to develop Telmisartan Tablets for better bioavailability and better stability profile of products.
- Using Nano-Technology, Nano Particles Drug Coating to develop Sustain Release Tamsulosin Pellets on self manufactured Pellets for better bioavailability and better stability profile of products with negligible impurities.
- Using micronization technology to develop Voriconazole tablets (Voricoz) for better bioavailability
- Better delivery: Patient friendly, mouth dissolving Calcium with Vit D3 e.g. Brand CALCULATE
- Use of imported raw materials from Japan, France, USA, Italy etc. to have better shelf life, better efficacy & Safety, better bioavailability and better stability profile of products. e.g. Hirabezol, Yogaros with 3 years shelf life.
- Better solubility: increases better bioavailability of drugs.
- Aqueous coating on tablets : less chemicals less side effects; better compliance.

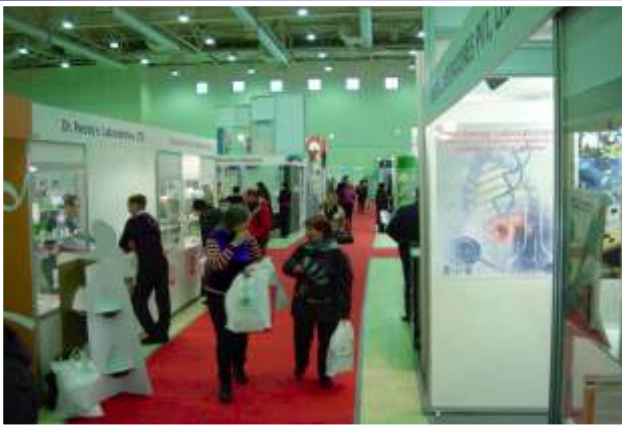

We partner with top International and National research institutes for clinical trials on our drugs like:

- Study of Levofloxacin tablets (Hileflox) Vs Amoxicillin and Clavunate in dental infection.
- Study of Levofloxacin tablets (Hileflox) in renal infection.
- Study of Rabeprazole tablets (Hirabezol) in GERD
- Study of Tamsulosin Capsules (Glancin/Tampil) in BPH
- Study of Tamsulosin pellets + Dutasteride soft gelatine Capsule in Capsules (Glancin-D/ Tampil-D) in BPH

International Presence

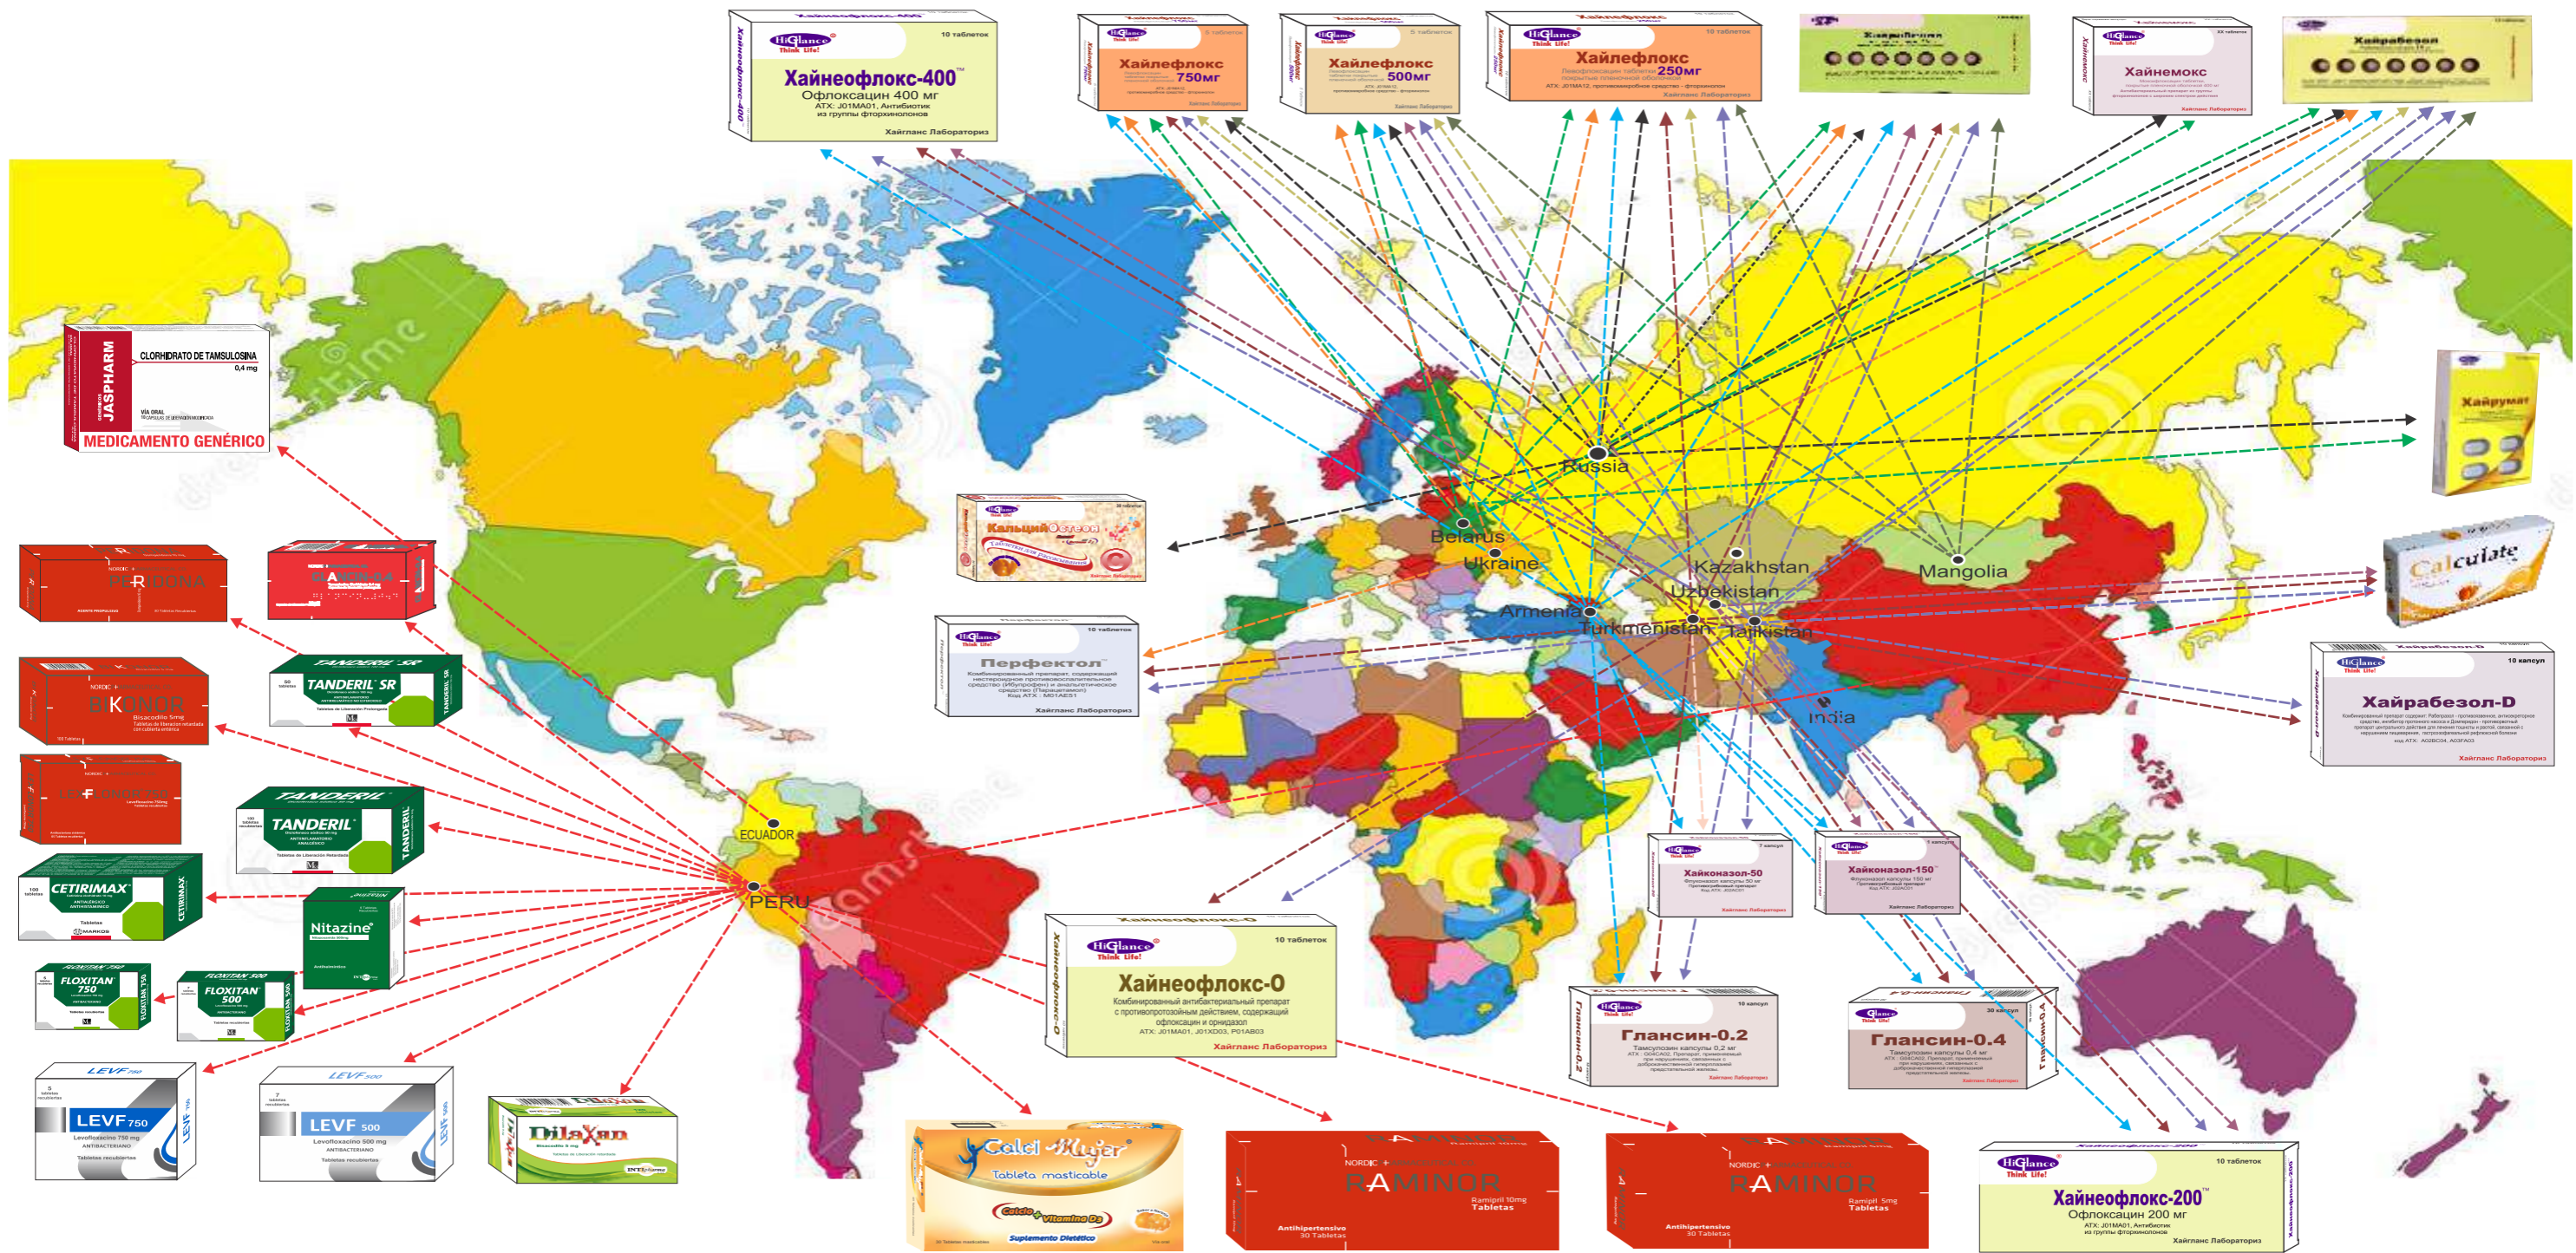

- We have developed capacity for exponential growth path with quality assurance and expanding our global foot prints day by day.....
- Presently we are exporting our products to 18 countries across globe.
 - Eastern Europe, Russia & CIS and Latin American countries.
 - We operate our international business through various models:-
 - Self Marketing & Distribution
 - Joint Ventures with MNC's
 - Global Tenders

Endorsed by Worlds Leading Regulatory Authorities

WHO-GMP, GLP, GDP & Quality Austria

Exporting 100+ Brands Globally In 18 Countries

Fully-integrated control system of manufacturing (Zero Touch Technology)

Capacity to manufacture : 3 billion tablets, 300 million capsules and 30 million bottles of oral liquids annually

First time in India designed a unique Calcium combination with a new technology called "Dispersion Technology", which ensures early absorption & faster dissolution in delicious orange flavor

Domestic Presence

HiGlance is a fastest growing pharmaceutical company in its successful short tenure of Domestic operation with PAN India presence having two divisions in **Acute & Chronic therapy (CD Care)**.

We have:

- A dedicated & robust **Sales** team of 500+ colleagues to serve medical fraternity.
- Association with **Pan India Doctors & KOLs** (Key Opinion Leaders) from trade and institutes to cater 1000 million people to improve their **QOL** (Quality of Life).
- A core Product Management Team (**PMT**) to devise innovative marketing strategies & **Medical Dept.** associated with doctors and scientists to support evidence based scientific knowledge.
- Strong, efficient & integrated **Pan India Distribution** network (Depots, CFA's and Stockists) to maintain the supply chain with Goods Distribution Practices.
- Highly Skilled **IT Dept.** to optimize data & information for effective back end operations.
- Participated in close association with medical fraternity in various academic upgradation activities (**CME, Webinar & Camps**) to raise awareness about recent scientific advances to our medical practitioners & society.
- Regularly participating in National & State level Conference as one of the proud premium sponsors - **RSSDI, CSI, APICON, ESICON, PEDICON UPDACON** etc.

Pharmacy Chain

- We are India's fastest growing Pharmacy Retail Chain focussed with quality and better service.
- Partnering Health awareness with society via – Hypertension, Blood Sugar and Respiratory checkup Camps.
- We are following international standards of store keeping for Stock Management & Hygiene in pharmacies for better quality.
